SUDDEN DEATH OF JOHN A. MARSHALL

Stricken While in King Street Store and Expires Immediately.

DUE TO HEART DISEASE

Deceased Had Been in Declining Health During Past Few Years and Recently Condition Was Critical.

Shortly after eleven o'clock this morning people passing up and down King street learned that John A. Marshall, one of the most generally known of Alexandria citizens, had died suddenly in the store of John A. Marshall & Bros., and in a short time the news was sent over the city by telephone. While intimate friends and acquaintances of the deceased had known for years that his health was declining from chronic cardiac troubles, they were not prepared for the sudden shock occasioned by the announcement of his demise.

Mr. Marshall entered his store, on the south side of King street, between Royal and Pitt, about eleven o'clock and proceeded to the back part of the store. Maury W. Gaines, who was in the front section of the store, heard Mr. Marshall's cane drop to the floor and hastened back to ascertain the cause. Upon reaching Mr. Marshall, to his horror, he saw he was speechless—in fact he was dead.

Dr. Arthur Snowden was summoned and he soon reached the store, but, not, however, until several minutes after death had occurred.

The remains were later removed to the residence of the deceased, Southwest corner of Wolfe and Pitt street.

John A. Marshall was born in Prince William county 64 years ago. In early life he was employed on the Southern Railway. About two-score years ago he relinquished that employment and opened a general merchandise store, on the northwest corner of Duke and Fayette streets. He later removed to the northeast corner of Duke and Henry streets.

After continuing in mercantile pursuits for several years, he disposed of the store and engaged in the timber business, especially in buying and selling railway ties. He was a most successful business men and his purchases of timber lands spreading over many acres brought him large profits. Recently declining health had rendered it necessary for him to retire from an active business life, but he always kept in close touch with the business of Alexandria. He was foremost in organizing the Alexandria National Bank, of which institution he was vice-president.

Mr. Marshall was a member of Alexandria Lodge, No. 758, B. P. O. E. In social life he was genial and popular, and had many friends and acquaintances.

The deceased leaves a widow, and four daughters—Mrs. Mary A. Pease, wife of Dr. T. M. Pease, of Philadelphia, Mrs. India Haggerty, wife of Cornelius Haggerty, of Philadelphia; Mrs. B. F. Cook, of New York, and Miss Daisy Marshall, of this city. His brother, Charles B. Marshall, is a member of City Council and a well-known business man.

Girl in Dying Condition.

A sensation was caused yesterday in De Quincy, La., when Prof. Guy Van Brook, a teacher and one of the leading church workers, was arrested on the charge of arson, attempted murder, and improper conduct toward Miss Louise Chandler, a beautiful girl. Prof. Van Brook, according to the police, had been on intimate terms with the girl, who was rescued from her burning home early yesterday, from which she had been unable to escape because of some drug which she had taken or been given. Msss Chandler is said to be in a dying condition.

NEWS OF THE DAY.

Lawrence Lindbloom, a chauffeur, who in 1910 ran over and killed Joseph Weise, in Chicago, was yesterday found guilty of murder by a jury and sentenced to fourteen years' imprisonment. The evidence showed he was driving about 35 miles an hour when the car struck Weise.

The presentation yesterday in Peking by Edward T. Williams, charge d'affaires of the American legation, of the formal recognition by the United States of the Chinese republic was made an occasion of much ceremony.

The Midland Railway Company's freight sheds at Bradford, England, were burned last night. Large quantities of dress goods, carpets, and wool were destroyed. The damage amounts to $500,000. There have been big fires in Bradford on the last three Friday nights.

George H. Bixby, millionaire banker of Long Beach, Cal., and a member of one of the most prominent families in Southern California, was arrested last night on two grand jury indictments charging him with having contributed to the delinquency of minors. Bixby was released on $10,000 bond, $5,000 on each indictment.

Flood waters from the crevasse at Gibbons Landing contributed to the death toll yesterday when the steamer Concordia struck the iron railroad bridge at Clayton, La., and sank, drowning two white men and eleven negroes. A negro boy also was fatally injured.

Congress should adjourn and stay adjourned for ten years in order to better conditions in the United States, acoording to James J. Hill, who was the principal speaker at a meeting in St. Paul, Minn., held for the purpose "boosting" the Northwest Thursday night. Mr. Hill attacked congressional legislation, which, he said, had prevented a more rapid influx of immigration. Laws that have been passed recently are responsible for the flood of immigration to the Argentine Republic, he asserted. "If we could just tie a bell on each one of ur illustrious statesmen who is trying to keep workmen out of this country and adjourn Congress for ten years, I believe the country would see an unprecedented period of prosperity," Mr. Hill said. "Business men then would carry on big undertakings without fear of legislative interruption."

Indications that the high-water mark of immigration through New York will be reached this year are contained in the April figures showing that 108,980 aliens entered New York during the month. The increase over April, 1912, was 33,531, and the totals for the four months beginning January 1 show the entry of 268,067 immigrants, as compared with 202,977 in the corresponding period of 1912, or an increase of 65,000. Last year 605,000 immigrants entered New York.

A strike vote of the 100,000 conductors and trainmen on railroads in Eastern territory was ordered in New York last night by the men's representative who have been in conference with the railroad managers over demands for increased wages recently submitted by the employes. The roads had denied the men's demands, and refused a proposition to submit the dispute to arbitration.

Seated at a dinner party in the midst o fa merry crowd, including her daughter, Mrs. Emma Hoehn was shot dead at her home in St. Louis yesterday by her husband, Frederick, who was enraged because she had rejected his overtures for a reconciliation after a six-months sepearation. Hoehn was arrested. Hoehn is 37 years old. His wife was 40 and had been married before. She had several children by her first marriage and Hoehn told the police that quarrels over the stepchildren caused the separation.

E. Clarence Jones, for many years promient in the society and finance of New York, will be made the defendant in an action for alleged breach of promise of marriage, according to a document filed in the county clerk's office yesterday. The paper in question is an order signed by Justice Lehman, in the Supreme Court appointing Augustin Derby, a lawyer, living in Rye, N. Y., as guardian for Miss Katherine Cecilie Belden, 18 years old, of Brooklyn, in order to enable her to bring the action against Mr. Jones.

SENATE PASSES LAND JAP BILL

Stormy Session in Upper House of California Legislature.

PLAN A REFERENDUM.

Business Men Help Bryan's Mission —New Fight Begins, as Assembly Will Adopt Measure.

Sacramento, Cal., May 3.—After an all night debate the Senate at 12:48 a. m., today passed the amended Webb antialien land owning bill, by a vote of 36 to 2. It is conceded that the assembly will pass the bill also.

Believing this, chamber of commerce and business interests throughout California are preparing to invoke the referendum in hope of delaying the operation of the law until the general election of 1914.

The upper house put the measure through after ten hours' debate.

A single republican and one democrat opposed the act—Cartwright on the minority side, and Wright, republican.

The remaiing nine demcorats ignored the advice of Secretary Brown and supported the measure, after it had been amended to permit ineligible aliens" to lease lands for periods of three years, but not to renew such leases.

It is admitted on all sides that the lower house will push the measure through rapidly when it reaches it next week and Govevrnor Johnosn will immediately sign it.

Violent factional disputes overshadowed the merits of the bill itself, marked the closing scenes of the all night debate in the senate.

The action is a partial victory for Secretary Bryan, whose work here resulted in the bill being less effective against the Japanese than the Webb bill, advocated by Governor Johnson, The bill permits the spread of Japanese farming colonies.

JAP OFFICIALS SILENT.

Realize That Some Sort of Land Legislation is Inevitable.

Washington, May 3.—In official circles here the opinion is gaining ground that the situation created by proposed antialien land and antialien loaning legislation in California has been relieved largely of its grave aspect, and that a satisfactory adjustment has been brought into sight by the latest developments at Sacramento.

The adoption by the California Senate of the amendment to the pending alien land-owning bill to permit leases of land by Japanese for periods not exceeding three years is connected by officers of the administration here with Secretary Bryan's postponement of his return to Washington from Sacramento. It is believed that the secretary hopes to mitigate the drastic features of the bill to a point where there would be no ground for objection from the Japanese government.

Any such legislation as that pending in California would not be welcomed by the Japanese, but it is said that in the higher circles in Tokio, it is realized that some such legislation is inevitable, and must be accepted, provided Japanese pride is saved, and the probable injury to Japanese subjects in California reduced to a minimum.

The Japanese embassy officials here are discreetly silent regarding the latest phase of the situation, but it is believed that it regards this last measure as far less offensive than the original Webb bill.

DEATHS OF COLORED PEOPLE.

Lewis Jones, an old and well-known resident, died at his home 813 south Fairfax street, this morning. His funeral will take place Monday afternoon at 3 o'clock.

Adeline Allen, a well-known colored resident, died at her home, on the west side of Royal street, between Duke and Wolfe, last night.

ASCENSION DAY SERVICES.

Rev. Dr. J. Lee Allison Will Preach Special Sermon on Occasion.

In accordance with their annual custom, Old Dominion Commandery, Knights Templar, will observe Ascension Day tomorrow, Services appropriate to the occasion will be held in the Second Presbyterian Church at 3:30 o'clock in the afternoon, when Rev. Dr. J. Lee Allison, pastor of that church, will deliver a special sermon.

The music will be suitable for the day and of an inspiring nature.

The annual observance of Ascension Day by Old Dominion Commandry has for years been an interesting feature, and is anticipated with delight by the many who attend.

The Knights Templar is an ancient organization which has played an important part in the history of the Christian era.

The services tomorrow will be of the same edifying nature which has formerly characterized the observance of the day, and a large assembly is anticipated.

The program of exercises was published in the Gazette a few days ago.

ORDERED TO CAMP.

Officers of Alexandria Light Infantry to go to Staunton

Officers of the Alexandria Light Infantry, which is a part of the Virginia Volunteers, being designated as Company G, 1st Regiment, have been ordered to report for duty at the officers' camp of instruction to be held at Staunton, May 25th to 31st. It is expected that more than 100 officers from various parts of the State will be in attendance.

The War Department has detailed the following officers as instructors: Captain Charles R. Reynolds, medical corps; Major Isaac C. Jenks, inspector-instructor; Captain Joseph K. Partelio, inspector-instructor with Virginia Volunteers: First Lieutenant LaV L. Gregg, First Lieutenant F. W. Brabson, First Lieutenant Albert C. Goodwyn and First Lieutenant James C. Boswell.

MUST HAVE CERTIFICATES.

Measures to Prevent Overcrowding of Excursion Boats.

Under a new ruling of the Treasury Department, all steamboats in the excursion business will be required to carry no more passengers than the number prescribed by law for each boat. To enforce this ruling on the Potomac, there will be two government inspectors stationed at the wharf in Washington, to count passengers going aboard the excursion boats. The captain of each boat will be supplied with a certificate each trip which shows the number of pasenegrs aboard. A captain cannot leave the wharf without such a certificate.

Passengers from Alexandria going aboard excursion boats at the wharf here will not be allowed to enter the boats if the crowd already aboard is up to the limit allowed by law.

George A. Nowland, special deputy collector of United States customs, has been instructed to meet every excursion boat when it lands at the Alexandria wharf and inspect the government certificate issued to the captain of the boat by the inspectors at Washington and also count the passengers aboard from this city and see that the boats do not carry more than the required number allowed by law. Mr. Nowland will also issue certificates to the captains showing the number of passengers going aboard from this city. Children and babies in arms are counted as passengers in the issuing of certificates. This new ruling of the treasury is for the benefit of and for the protection of passengers in order to prevent boat owners from overcrowding their boats during the height of the excursion season.

LOSS HALF MILLION.

"Votes For Women" Literature Found at Scene—Police Start on Trail of Alleged Incendiaries.

London, May 3.—Two disastrous fires early today were attributed by the police to militant suffragettes, because "Votes for Women" literature was found scattered about the places.

The freight depot of the Midland railway, at Bradford, was completely destroyed, with a loss of $500,000.

About the same time a new wing built onto the Ashley Scool, Aberdeen, was burned, with about $2,500 loss.

The Bradford depot was fired simultaneously in three places, and was beyond saving when the fire was discovered.

CONCLUDING SERVICE.

Rev. Dr. Wedderspoon Preaches Last Sermon at Trinity's Anniversary.

Last night Dr. W. R. Wedderspoon, pastor of Foundry Methodist Episcopal Church, preached at Trinity on, "Thou Art Mine." Among other things, he said: "God made a beautiful word for man, He might have made it different so that it would be impossble for any joy to come to any one. Instead of harmony. He might have made discord. Instead of symmetry of form, beauty or colors. He might have made ugly shapes and colors that would jar. Because of His love He made food that tastes good, causes us to feel things that soothe and cares, scents the fields, the woods, the waters, with sweet breaths that invigorate and satisfy, perfume laden zephyrs like heaven's own atmosphere. And God did all this because we are sons of God. We are His image, His workmanship, immortal souls carved out by an Everlasting God. "Thou Art Mine."

"Why did Jesus suffer with not a place to lay His head, buffeted, bruised, beaten, scorned, scoffed at and worked, tried and convicted, crucified —bearing in his bosom the agonies of a sin-cursed world,—why did God exhaust the very last resources of heaven to raise Him from the dead? It is because He was to redeem men who believe in God. Humanity, good and bad, are all His. "Thou Art Mine." God has literally searched the universe to bring blessings to His son. Time and eternity are made to yield their best all for man, for God says, "Thou Art Mine."

Here is a father, and there a mother, and yonder a worker, who, some day shall say, "I'm tired, and shall go out no more forever, but God shall come and rear his own home. Do you doubt it?. No, my dead fellow worshippers you do not, for you know that He says of them now, and will always say, "Thou Art Mine."

This concludes the series of services that have been held at Trinity Church. They have been well attended and have proven of great profit to the congregation. The men who have so kindly and so ably preached, have been some of the greatest preachers of the denomination. This closes one of the most delightful affairs that has been held in this church for many years.

Spectator Killed.

An infuriated fighting bull in a bull ring at Valence, Department of the Drome, France, yesterday shook its head so violently in trying to rid itself of the steel tipped darts with which the banderillos had pierced its shoulders and neck, that one of the darts was torn out of the flesh and hurled among the spectators in the ampitheatre. It penetrated the heart of a young man who was instanly killed. A minute later the matador killed the bull.

RESURFACING SQUARES.

Washington Street From Princess to Wythe Receiving New Face.

The work of resurfacing the tar roadway on Washington street from Princess to Wythe is now in progress.

Washington street Alexandria's principal boulevard, is now as attractive as any roadway in country, there being a clear stretch of smooth street from the confines of the city on the north to St. Mary's cemetery on the south. Automobiles, motocycles, bicycles and all sorts of vehicles are passing over it during the day and the early part of the night. Its width minimizes the danger of collisions, "and spins" on Washington street as well as on other thoroughfares in the cool of the evening are enjoyable to such as own autos.

Apart from Washington street, King street from the river and well into Alexandria county with its vitrified brick roadway affords another speedway. Vitrified brick streets form loops around several squares.

Alfred street throughout most of its length has in recent years been greatly improved, some squares being paved with vitrified brick and others with tar macadam.

The improvement of the city's thoroughfares had long been the great desideratum of all, and it is pleasant to reflect that the present generation will leave old Alexandria in a better condition than they found it.

Housekeeping Causes Suicide.

Housecleaning is said to have driven William Brandol, of Nutley, N. J., to suicide. He quit beating carpets in the yard of his home, on Center St., Thursday afternoon, and later his body was found in the water at the bottom of a deep hole in a nearby stone quarry. A note addressed to Mrs. Brandol was found in a cleft in the rocks and the message is credited as the farewell message of the husband. "I can't beat carpets or clean house," it read, "and it ain't no use of your trying to make me. When you read this I hope you will give up your habit of cleaning house every time you hear a robin sing."

TEN THOUSAND JOIN STRIKERS

Walkout Ties up Silk Industry of Northern New Jersey.

OFFERS TO STRIKERS.

Paterson Mill Owners Promise to Adjust Wages and Concede Other Demands if Hands Return.

Paterson, N. J., May 3.—The entire silk industry of northern New Jersey was paralyzed today following the sympathetic strike of 10,000 workers in the mills of the neighboring Hudson county towns.

The new strike came when the I. W. W. leaders of the Paterson strike learned that some of the Paterson mill owners were having silk made in West Hoboken, Weehawken, Union Hill, North Bergen, and other neighboring towns. Miss Elizabeth Gurley Flynn and Carlos Tresco, two of the most active organizers, visited those cities and beginning with a nucleus of a hundred or more workers succeeded in calling out almost every silk maker in the mills.

The Paterson mill owners tried again today to break the strike by sending emissaries to the strikers promising an adjustment of wages and other demands if they would come back to work. Without exception, the strikers who have been struggling for nearly three months, answered that only through the leaders of the I. W. W. could any settlement be reached. The manufacturers reiterated their refusal to recognize the I. W. W. and the deadlock was resumed.

WIFE KEEPS CHILDREN.

Husband Charged She Was Poisoning Their Minds Against Him.

Norfolk, Va., May 3.—In the Corporation Court yesterday, Judge Hanckel ruled that Mrs. Evelyn T. Aydlett, wife of Dr. Herbet T. Aydlett, of Elizabeth City, N. C., should have the custody of her two children, a daughter, aged 13, and a son, aged ten.

The couple separated some time ago. Mrs. Aydlett coming to Norfolk to reside, while Dr. Aydlett remained in North Carolina.

Dr. Aydlett charged that his wife was poisoning the minds of the children against him. This Mrs. Aydlett denied. The court ruled that the father could see the children any day betwen the hours of 10 a. m., and 5 p. m. The court added that "it would be improper to enter an order requiring the children to be sent to North Carolina when the father desired because it would be unfair to make the lives of the children miserable as the parents had succeeded in making their own."

Both Dr. and Mrs. Aydlett are very wealthy in their own right.

SHOT BY TRAIN ROBBERS.

Bandits Hold up Car and Revolver Battle Follows.

Kansas City, Mo., May 3.—Two bandits who held up passengers aboard Kansas City Southern Train, No. 5, near here, early yesterday, shot and dangerously wounded Jesse E. Short, of Joplin, Mo., and escaped with $1,500 in money and jewelry.

One of the robbers was hit when Short emptied his revolver. A posse of deputy sheriffs, railroad detectives and Kansas City police are pursuing the bandits.

The two men boarded the train several minutes before it pulled out of the station here early yesterday morning. They took seats in the chair car, produced magazines and began reading.

Four miles south of Kansas City, one of the robbers stepped to the end of the chair car, drew two revolvers and commanded: "Throw up your hands."

The second man emptied their pockets.

EASTERN STAR ADJOURNS.

Grand Body Closed Session Yesterday to Meet Next Year at Newport News

The third and last day's session of the State Convention of the Order of the Eastern Star closed late yesterday afternoon after the election of officers and the transaction of some business of a general nature. It was agreed to meet next year at Newport News on the first Thursday in May.

Before adjournment the newly-elected officers were installed and Mrs. Reade, the retiring Grand Matron, received a number of presents from representatives of different sections of the state as tokens of appreciation.

A grand banquet was given at night by the Grand Chapter. A caterer from Richmond prepared the feast, and there was nothing wanting which could in any manner have augmented the pleasures of the occasion.

Many of the delegates left for their homes today, but some went to Washington to spend the day sightseeing. They will depart for their homes by trains or steamers from that city.

The delegates are profuse in expressions of appreciation of the hospitable manner in which they were entertained in Alexandria, and they carried away with them many happy recollections of their experience in this city.

CIRCUIT COURT TO MEET.

Two Important Suits to Be Heard at May Term Which Opens Monday Morning

Two important suits, one for $4.000 as a result of an automobile accident at the south end of the Highway Bridge last November and the other involving the ownership of the Southern building at the corner of 15th and H streets, Washington, will be heard before the Circuit Court which will meet on Monday morning at 10 o'clock.

The first has been instituted against Joseph Hayman, by E. C. Richardson, William Desmond and William Power who were passengers in two automobiles which collided with the one operated by Hayman. It is claimed that the latter was driving his machine at a high rate of speed, and was responsible for the collision.

The suit against the Southern Building Corporation, who was the former owner of the Southern Building, is filed by a number of minority stockholders who ask that the sale of the building to the insurance companies which now own it be see aside and a receiver be appointed for the company. Fraud in the transfer of the building and the transfer of stock is alleged.

Both cases will be set for a later day in the term.

TO PRODUCE THE "ROMANCE."

Performance for Building Fund of Alexandria Hospital.

The Frank Lee Short Company, of New York, will give an open air rendition of a play by Edmond Rostrand, the famous playwright and author. The drama to be produced in this city b ythe New York players is "The Romance," a powerful and well known play. Alexandrians are fortunate in being able to hear these players, as the company is an expensive one and never plays in any except the larger cities. It happened that the company of players were booked to appear in Washington next week and had one day to spare, which gave the board of managers of the Alexandria Hospital an opportunity to secure the company for one performance here on the evening of May 12th. The company carries its own special scenery. The play is in several acts and will be given on the lawn back of the hospital buildings. In the event of rain the performance will be held in the Armory Hall. This performance is expected to be one of the events of the season in Alexandria. Seats for about seven hundred persons will be provided on the lawn, and reserved seats will be placed on the balconies and porches of the hospital where a full voew of the players may be had by those not wishing seats on the lawn. The proceeds of this performance will go to the building fund to provide a new hospital building for this city. A superior quartet will also be heard during the evening in special songs and musical numbers.

Boys' Clothing at $10.
A SPECIAL FEATURE

The $10.00 display is a splendid example of the values we put into our Suits. Very stlyish made garments, offering in design and pattern the widest possible variety for choice; they are all especially made for us, of highest grade pure wool fabrics, in patterns selected because of their suitability for boy's wear. Tailored by exclusve Boys' Tailors, they manifest the highest degree of workmanship. An extraordinary displays of Norfolks in the latest creations and plenty of double-breasted models.

Boys' Straw Hats, $1.00 to $6.00—The price range doesn't correctly inform you as to the number of styles or the excellence of any individual one; inspection is necessary to become thus intimately acquainted; and an inspection will demonstrate our efficiency in selecting the best and meeting all needs. Boys up to 15 years of age can be fitted with suitable straw hats, and small girls also like many of the styles.

NEWS OF THE OLD DOMINION.

BAPTIST IN SYNAGOGUE.

Rev. Dr. McDaniel Delivers Sermon to Hebrews.

Richmond, Va., May 3.—To a congregation composed largely of Hebrews, marked by a generous attendance of those of his own faith, which fairly well filled the big auditorium of Beth Ahaba Synagogue, Rev. Dr. George W. McDaniels, pastor of the First Baptist Church, of Richmond. last night delivered a forceful sermon, on the fundamentals of religion.

The Rabbi. Dr. J. N. Calisch, officiated, conducting the customary Sabbath even service in Hebrew and English, in accordance with prescribed ritual. A mixed quartette from the regular choir of the First Baptist Church sang the choral portion of the service, and rendered the hymns with fine effect.

In his invocation Dr. Calisch prayed fervently that the a"brotherhood of man might become broader and more loyal," and in dismissing congregation with his benediction invoked the blessing of God upon "This, Thy servant, who has given force and power to Thy word."

Preceding the sermon, Dr. Calisch made a brief, dignified statement to the congregation, which he designated as "an answer to an unasked question." He said, "this is not a special occasion; simply out of kind courtesy, in response to an invitation, Dr. McDaniel is giving us this treat."

Dr. McDaniel spoke for forty-five minutes, prefaced his sermon with a brief statement to the effect that he did not feel that he was among strangers; paid tribute to the men who compose the congregation of the synagogue for the part they have played in the upbuilding of Richmond.

His subject was "In the Beginning —God" and his text was from the first verse of the Bible, the first sentence of which he pronounced greatest in literature, and one which upset all isms.

At the close of the service many members of the congregation went forward to greet and congratulate Dr. McDaniel.

TELLS OF JACKSON'S END.

Dr. Smith Gives Interesting Personal Reminiscenses.

Baltimore May 3.—Rev. Dr. James Smith, pastor of the Central Presbyterian Church of Richmond, lectured last night at McCoy Hall, Johns Hopkins University, on "Stonewall Jackson, Soldier and Man." Dr. Smith was a member of General Jackson's personal staff, and his address was filled with interesing reminiscenses of the great Confederate chieftain.

He sketched the military career of General Jackson, describing his wonderful marches and told in detail of the battle of Chancellorsville, at which Jackson met his death wound from the rifles of his own soldiers. The speaker was particularly effective in his descriptions of the last conference between Lee and Jackson, which lasted nearly all night before the battle, and he drew a picture of the two great leaders sitting at dawn beside a little fire of trigs warming their hands over its feeble blaze, the march of the armies at daybreak and the carrying of the mortally wounded General from the field of battle under the raking grapeshot of the Federal artillery.

OPPOSE AMENDMENT.

Richmond League Does Not Favor State Elections.

Richmond, Va., May 3.—The resolution introduced into congress and favored by the senate committee on woman suffrage, providing for the amendment of the Federal constitutoin so far as to force woman suffrage upon every state in the Union, by the federal authority, whether that state wishes to give the ballot to women or not, is not favored by the Richmond branch of the Equal Suffrage League of Virginia a resolution to endorse it having been tabled Thursday afternoon by an almost uni-animous vote. One member voted against laying the resolution on the table.

Several weeks ago the local league petitioned President Wilson to declare for some such amendment in his first message to Congress, but further study of the question and a better understanding of the situation brought about by receipt of a copy of the amendment, caused the action Thursday afternoon.

CAPT. PROMOTED.

Virginian Chief of Bureau of Steam Engineering in Navy.

Washington, May 3.—The chief of the Bureau of Steam Engineering in the Navy, Rear-Admiral Hutch L. Cone, having asked to be relieved, the President has appointed Capt. Robert S. Griffin, the assistant chief of the bureau, to be chief of the bureau.

Captain Griffin, who becomes chief of the bureau, is an officer who has had long experience in the bureau and is recognized as an expert in every department of research embraced in the bureau.

Captain Griffin was born in Fredericksburg, Va., September 27, 1857, graduated from the Naval Academy in June, 1878, was promoted to assistant engineer in 1880, to passed assistant engineer in 1889, and to chief engineer in 1898. During the Spanish-American war he served on the Mayflower. He was promoted to lieutenant-commander in 1901, commander in 1906, serving in the latter grade on duty in the Bureau of Steam Engineering to July, 1908, and as assistant to the bureau from 1908 to the present date. He was promted to captain January 9, 1910.

Woman's Narrow Escape.

Harrisonburg, Va., May 3.—Mrs. Cardoni, woman leopard tamer, with Smith Greater Shows, had a thrilling escape from death Thursday night just before the close of the performance. The woman was in the cage trying to make a giant leopard do his usual stunt, when the infuriated beast sprang at the woman. As the daring woman fell back with a scream her husband, who was also in the cage with the beast, whipped out his pistol and fired a bullet into the side of the animal, saving the life of his wife. The leopard will recover.

RIDE FIVE HUNDRED MILES.

Officers And War College Students Will Arrive at Seven Pines Next Week.

Fredericksburg, Va., May 3.—Four hundred and sixty-five miles will be covered in the twenty-day horseback ride of the war college staff calvacade which rode from here yesterday on a journey over the civil war battlefields of Virginia, Maryland and Pennsylvania. Thirty-six officers, including two British army officers of high rank one naval officer, two surgeons, and the war college instructors and student officers, galloped away over the quiet Virginia roads.

From Fredericksburg the calvacade rode to Lorton, Va., to camp over night. Tonight will be spent in camp at Dumfries, the riders then returning to Fredericksburg, where they will camp.

The Sunday ride will be Chancellorsville, the next camping place.

STRIKE IN ROANOKE.

Men Must go to Work Today or Lose Jobs.

Roanoke, Va., May 3.—Yesterday the second day of the Roanoke street car strike, passed off quietly without disorder and throughout the day the company continued to operate its cars. The cars were taken off last night as a precautionary measure. The company has given the striking men notice that unless they report for duty before 10 o'clock this morning they can consider themselves no longer employes and that their places will be filled.

ORDERS TO MILITARY MEN.

Instructions Regarding Camp For Officers Made Public.

Richmond, Va., May 3.—Orders have been issued by the Adjutant General directing all the officers of the Virginia militia, infantry, to report for duty at the camp of instruction to be held in Staunton, May 25th to 31st. The chaplains are excepted from the provisions of the order. The orders stipulate that General C. C. Vaughan, Jr., shall be in command of the camp, and all officers will report to him not later than the morning of May 25th.

A New Kind of Roofing

Asphalt Gravel That Will Last Ten Years—Can Be Used Anywhere.

Cumberland, Md.—Among the many improvements at the Y. M. C. A. Building is the asphalt gravel roof (Security brand) that was put on under the direction of Mr. Adam May.

A fairy tale is told about this roofing by Mr. A. M. Strickland, of Elkton, Md. About ten years ago he built at the Elkton foundry and covered the roof with Security Asphalt Gravel Roofing and four years afterward the building and contents were consumed by fire. Nothing was left but the walls and roofing.

Being of an economical turn of mind he ordered the carpenters to cut down the roofing in strips, losing only the laps.

He used these strips of roofing on the new foundry building and it is in good condition today after ten years of active service.

It would be difficult to believe such a tale, because tin, iron and slate or any other composition roofing would have gone to smash or curled up and blown away in such a conflagration.

There is reason to believe this is true, because it stood the test in a similar fire in the B. & O. hay shed at Mt. Clare station, Baltimore, some years ago.

This roofing can be purchased of

SAFE AND SANE LEGISLATION.

Democrats plan to curb appropriations. President and Congress Working Toward A Definite Budget System to Keep Expenditures Within The Government's Income.

The above quoted words are used as the caption to an article in the Brooklyn Eagle from its Washington correspondent. The letter was of some length and was published in its entirety in many other papers. Among other things the correspondent said:

Representative John J. Fitzgerald has had two talks with President Wilson on the matter of Government expenditures. Mr. Wilson is just as much interested in the problem of trying to establish a sane relation between Government revenues and expenditures as was President Taft. It seems assured that some action will be taken at the present Congress to establish a more logical system.

The United States is peculiar among nearly all of the great powers in that it has never developed a budget system of government. Revenues have been raised without regard to expenditures, and expenditures on the other hand, have been authorized without the least regard for income.

This happy-go-lucky system has alternately resulted in surpluses and deficiencies in the Treasury. President Wilson regards it as one of the initial problems of his administration.

The readers of the Gazette will recall that in February last Henry K. Field, chairman of the Finance Committee of the City Council, in a well-prepared address in the Board of Aldermen warned the members of Council and in this way, through the newspapers, also the people, that the city, like a person, should live within its income. Some well-meaning persons, only a few, questioned the wisdom of the proposition, but that the great body of the people so believe is evidenced everywhere. The Eagle correspondent gives the names of the committee from the House of Representatives who will consider the whole question, and adds:

The Democrats in the House, however, have already undertaken reform in the matter of appropriations. At the caucus a committee of seven was appointed to consider changes in the House rules with regard to preparing annual bills for support of the departments.

Mr. Sherley has submitted a plan which approaches a definite budget system. He would create a committee of estimates and expenditures. This committee is to report to the House the amount of revenue which seems available for the ensuing fiscal year, and thereupon decide what amount of money each of the annual appropriation bills shall carry.

The whole theory of Mr. Sherley's proposition, to speak roughly, is to prevent the Federal Government from voting away each year more than its annual income. In other words, it is an attempt to prevent the government from running into debt. Having determined how much money the government will take in during a given year, this committee will turn around and say to a commtte in charge of the appropriation for a particular department: "Your allowance for next year is so much. Keep within it."

One of the big problems of the new administration will be to establish a more logical and businesslike method of cutting the cost according to the cloth. In the past there has never been a harmonious working system between those officials of the government who spend the money and those who authorize the raising of it. The Wilson administration has taken up this problem early in ist career and is hopeful of devising a more scientific method.

And so it s everywhere. The state, as well as the city, is being warned against a tendency to create a debt for others to pay. Many, temporarily in place, will vote for any measure to spend money and then vote for a bond issue, expecting others to purchase the bonds, when they themselves, even when able, and not many are, will not invest one cent in such bonds. Essayists and dreamers, in order to exploit themselves, will not, or do not, care to limit expenditures in public matters. Paying only a limited amount in taxes, they are willing to appear as paying much more. Perhaps some would be willing to pay a little more, if in so doing, they would be able to continue in the public eye, and their interest was influenced by the spirit of pro bono publico.

SMALL CAUSES OF STRIKES.

Many Labor Wars Are Brought About Through Trivial Incidents.

The threatened strike on the Midland Railway, due to the dismissal of a guard for sticking too closely to the letter of his instructions, is not the only instance on record of big events of the kind springing from similar little causes.

A Leeds labor war was due to the workpeople declining to wear list slippers in a mill where clogs were regarded as unsafe. At Sunderland a foreman shipwright casually told a workman to "hurrp up" and the implied reproof being resented, an unusually bitter strike was the result. At Jarrow-on-Tyne workmen struck because they objected to the use of brass checks.

There have been at least a score of strikes, big and little, over the question of whether girls should be permitted to wear "fringes"in mills filled with dangerous machinery. The actual cause of the outbreak of the disastrous Taft Valley Railroad strike was that a couple of guards were compelled to change brake vans against their will.

Because one of their number resented being told by a foreman to cut his nails, some 300 working goldsmiths came out on strike not long ago. It was explained afterward that it was customary for the operatives to keep their nails pared close, as otherwise small quantities of the filings of the precious metal in which they wrought might easily work underneath them and be lost.

The strike of the Manchester "nippers", a novelty in labor wars at one time threatened to dislocate the trade, not only of Manchester, but of Liverpool as well, was brought about through an adult workman interfering in a game of marbles.London Tit Bits.

ESCAPED LYNCHING.

The mobbing of a young white man by negroes was narrowly averted yesterday at Peedee, N. C., by Sheriff Lowery, and a posse of 25 white men, armed with repeating shotguns, who rushed to his assistance.

On Thursday afternoon a negro girl near Peedee was attacked by a young white man, whose name was not given, and the sheriff in response to a request from Peedee had gone there to apprehend the guilty person. He arrived just as the girl had pointed out a young man who had been arrested by the town officer. Probably 500 negroes had gathered there for a land sale and school commencement, and a demonstration was being made toward the white man, more than a dozen pistols having been drawn, and two influential negro men threw themselves on the prisoner and begged members of their race to desist.

The prisoner was then hurried into an adjoining store, which was barricaded against the mob until help could arrive from Wadesboro on a train that was just passing.

DOWN HERE IN VIRGINIA IN MAY.

The green growing trees have a story to tell,
And the fast springing crops know a tale
Of the warm early summer that crowns hill and dell
With a beatuy that never can fail,
The robin is chirping his song to his mate,
The brown thrush is trilling her lay,
And nature is calling both early and late,
Down here in Virginia, in May.

And all living creatures are singing the song
Of the bounty with which we are blessed,
so long,
In the country where God has caressed,
We wouldn't live elsewhere for riches untold,
Our lives are contented and gay,
And we don't want to grumble or worry or scold.
Down here in Virginia, in May.

Man Denies Story of Wife, Who Collected His Insurance.

Topeka, Kan., May 3.—After an absence of more than seven years, during which time the courts had declared him legally dead and had given his wife judgment for a $3,000 insurance policy, W. H. Caldwell came to Topeka yesterday to testify for the insurance company in an application for a rehearing of the case.

Caldwell was declared legally dead on the testimony of his wife, who said he mysteriously left home and that all efforts to locate him had failed. Yesterday Caldwell said he quarreled with his wife before leaving Topeka, and that he had been in Berkeley, Cal.

BOYS HEROES IN FIRE PANIC.

Run Elevators Through Smoke And Take Out 100 Scared Girls.

New York, May 3.—Four hundred girls fled screaming when fire was discovered Thursday afternoon on the third floor of the 12-story Thermos Building, facing Nos. 232 and 234 West Eighteenth street, and running back to Nos. 233 and 235 West Seventeenth street.

Three negro elevator boys, who kept their heads, ran their cars up smokefilled elevator shafts for 15 minutes, carrying more than 100 persons to safety. One of the boys, Samuel Gumps, was overcome by smoke while on the tenth floor, and had to be taken to a hospital.

Look to Your Plumbing.
You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first-class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get

At some time or another nearly everyone gets an attack of the "blues," everything seems to go wrong, and the whole world has a dreary look. That is the time when a little Sunny Brook—The Pure Food Whiskey—will perform a magical change. Its rich, fragrant bouquet, and mellow flavor make it a delicious beverage—every golden drop pleases the senses and soothes the nerves. Best of all, its *absolute purity* and *highly developed medicinal properties* make its use perfectly safe—in fact, highly beneficial.

Sunny Brock—The Pure Food Whiskey—is Bottled In Bond—every bottle bears the Green Government Stamp, so that in addition to the unqualified guarantee by the *largest distillers of fine whiskey in the world* that its quality is *unsurpassed*, you have the assurance of the U. S. Government that every drop is *pure, natural, straight whiskey, unadulterated, fully matured and U. S. Standard 100% proof.*

Saves Miles of Steps - Low Fixed Price

War on Out-of-Date Kitchens Stirs Entire City

10 Hoosier Club Memberships Taken Only 15 Left Each Means a Cabinet for $1.00

Applications are pouring in. Enthusiastic women are responding in great numbers to our announcement of the Hoosier Club. We could place four times as many cabinets if we could get them—but you see for yourself how few there are for the crowd that would like to enroll.

It means sure and inevitable disappointment for the women that put off calling until late in the week.

If you want to save miles of weary steps for your tired feet; if you want the pleasure and comfort of satisfaction that come from owning a genuine Hoosier Kitchen Cabinet, and to enjoy it by paying only one dollar—cal lat once and join our Hoosier Club. For remember, unless you are one of the lucky few, you will have to wait a long time before you can join another Hoosier Club.

Will you go through months more of useless walking up and down, back and forth in your kitchen? NO—a single $1.00 for your membership fee, $1.00 a week in dues—all the payments you have to make—and the famous labor-saving Hoosier Cabinet is yours right away, to save the wasted time and useless steps that sap your health and spirits.

Saves Hours of Time

The miles of steps you save by having everything you need in cooking gathered within reach of your arm so that you can reach for it instead of walk for it, mean an enormous time saving—hours to spend in pleasure, or in needed rest, or to spend at pleasant fancy work and sewing.

Stop the miles of useless steps and save your health and strength—keep off your feet if you want to keep well.

Stop the miles of useless steps and save your health and strength—keep well.

A hoosier in your home is a big help toward keeping you robust and young looking.

Makes Model Kitchen

Once you get your Hoosier, you will make fewer trips to your pantry and cupboard, and almost forget that you have a store room.

It holds everything you need in cooking—supplies and utensils—it is fitted with convenient, sanitary receptacles to take care of the most of them. Flour is in a metal lined bin, fitted with a sifter—sugar in another—there are crystal jars for coffee, tea and spices. Your table top, whch pulls out to a size of 40 inches—larger than the average kitchen table,is covered with pure aluminum—rust proof and spot proof;cleaned silverbright by simply wiping. There are ample cupboards—drawers for knives and linen—a metal lined bread and cake drawer.

Low Price Stays Fixed

The cabinets that we send out during Hoosier Club Week are all at a low national price fixed by the factory.

Your dollar fee and a dollar a week dues give you this splendid cabinet at not a penny more than the Hoosier Manufacturing Company has fixed all over the country.

Made of sturly, everlasting oak, that steam and moisture will not harm, it gives you solid value that is possible only through low man uafcturing cost.

You can never get all you might have in a kitchen cabinet unless you have the Hoosier.

Remember that every woman in town is seeing this advertising just as you are—and that she also wants a Hoosier on our Club Terms.

Then remember how few are left—how few are left—how quickly the others are taken—and come early tomorrow!
